

FAQ

Where can I get detailed information about the Sentinel-3 Validation Team Call?

- Detailed information is contained on the Sentinel-3 Validation Call (https://earth.esa.int/files/S3VT_Call)

Where can I find the list of products offered within this Call, their specifications and related Algorithm Theoretical Basis Documents?

- The Website <https://earth.esa.int/aos/S3VT> contains the relevant documentation

I would like to know what information is needed to submit a proposal for this call: what shall I do?

- Download and read the Guidelines for submission of proposals: https://earth.esa.int/files/S3VT_Guidelines

To start a submission I need an ESA UM-SSO... how do I get that?

- Connect to <https://eo-sso-idp.eo.esa.int/idp/umsso20/registration>, create a user name (UMSSO-ID), select a Secret question and the reply, a password (at least 8 characters long and contain digits, lower and upper case letters as well as symbolic characters -such as !?@\$*), and your Email address. This will generate an Email to your address with a link to authenticate yourself. **In case you do not receive the Email or of any error message, please contact:** <http://earth.esa.int/contactus/>

I have forgotten my ESA UMSSO password... what shall I do?

- Connect at: <https://eo-sso-idp.eo.esa.int/idp/umsso20/admin> so as to generate an Email with a link to create a new password. Note: when accessing that link you will be requested to reply to the Secret question defined when creating the account. **Note: in some cases ESA created an user account for you in the past. If you are unsure about it and you do not remind having set a Secret question, you can try using firstname.lastname as User ID and reply to the default question (Who is your favourite singer) with your firstname.lastname, even if you are off-key.... In case of problems, please contact: <http://earth.esa.int/contactus/>**

I have registered within ESA UMSSO. What next?

- If you intend to submit a proposal for S3VT, simply Login to My Earthnet (on the top right area "Login my Earthnet" of any page at: <https://earth.esa.int/web/guest/pi-community>), go to <https://earth.esa.int/aos/S3VT> and select the link Submit a proposal. You will then have to provide the information described in the Submission guidelines

I am Principal Investigator of an old (already accepted) S3VT project and I need to update my project proposal... what shall I do?

- If you intend to update your old S3VT project, please send an email to eopi@esa.int providing your project proposal ID number. You will be allowed to re-access the full proposal and you will have the possibility upload an updated version of the proposal pdf in the dedicated section called "upload updated proposal". Please refer to [the S3VT guidelines](#) for more detailed info.
