# CCI projects schedule

- 11 CCI project teams are already up and running
  - Stage 1: Scientific User Consultation & Detailed Specification
  - Standard WBS, schedule and deliverables for all CCI projects
- STRIN provides opportunity to address 3 additional ECVs
  - Dedicated technical annexes
- All three ECVs are of high strategic interest for STRIN Countries
- STRIN countries have world-leading expertise on these
  - **Sea-Ice** (co-funding STRIN/CCI)
  - **Ice sheets** (STRIN)
  - **Soil Moisture** (STRIN)
- Successful STRIN projects will be closely coordinated with CCI projects
  - CCI Collocation No 2 => Oct 2011

Activity	Implementation	Contract duration	Price range
sea_ice_cci	open tender	36 m	1.8 M€
ice_sheets_cci	restricted tender	36 m	1.8 M€
soil_moisture_cci	restricted tender	36 m	1.8 M€

Planned timing for release of Invitations to Tender:

- Sea\_ice mid-april
- Ice\_sheets end-may
- Soil\_moisture end-may

Each ITT open for 8 weeks
