BONN  
23–27 May  
2022

TAKING THE PULSE  
OF OUR PLANET FROM SPACE

## Observations and Modelling: Shedding light on climate futures

Chair: Eleanor O'Rourke, Director, WCRP CMIP International Project Office

Wednesday 25<sup>th</sup> May 2022

- Jörg Schulz (Climate Service & Product Manager, EUMETSAT)
- Irene Lake (Director, International Project Office for CORDEX)
- Susann Tegtmeier (University of Saskatchewan, ESMO Interim SSG Co-Chair) *pre-recorded video*
- Carlo Buontempo (Copernicus Climate Change Service Director, ECMWF)
- Axel Lauer (Research Scientist, DLR)
- Simon Pinnock (ESA Climate Office)

Each panel member will have 5-10 minutes to share their insights before the floor is open for questions. We are looking forward to a lively discussion!
