

BayWa

Smart Farming Challenge

The BayWa logo, consisting of the text 'BayWa' in white sans-serif font on a solid green square background.

BayWa

- Global population continues to grow every year, so does the demand for agricultural products
- **CHALLENGE: Feeding the world without damaging the environment**
 - This can only be achieved by **increasing the efficiency and sustainability of agricultural production.**

BayWa invites submissions that look to tackle this challenge by combining satellite data with other data sources in an innovative and commercially viable way.
