

- *How can we improve the procurement approach for the next block of FutureEO?*
  - Should we increase budget envelope in the programme/per project?
  - Is there a better way to utilise the budget (fewer calls per year/fixed dates?)
- *How can we improve the coordination with other programmes*
  - How can we/should we align the Open Call to other ongoing activities e.g. Science Hub, Science Clusters, Digital Twin Earth, Accelerators to increase potential for follow-on work (higher funding means fewer projects)
- *How do we demonstrate how to apply/celebrate success of the Open Call*
  - Industrial portfolio – early Open Call winner and how it successfully developed (portfolio of web-based stories)
  - Clarification of the text of the call for each theme and what is expected in each case and are the categories appropriate?
